MEMORANDUM FOR: SSA/DD/S
25X1A9a
SUBJECT : [REDACTED] - Reimbursement for Transportation Costs
REFERENCE : Memorandum SSA/DD/S to OGC, Dated 4 February 1957, Same Subject

1. In substance, subject's claim is as follows. Because of an extended TDY trip to the field, coupled with personal family problems, the subject found it necessary to store his household effects and to move his wife and children. He now requests reimbursement for the travel costs and for the transportation costs for moving his effects into storage. The storage itself was provided free-of-charge on a space-available basis in an Agency warehouse.

2. Although subject's situation presents many sympathetic elements, no legal basis appears for the authorization of reimbursement.

3. There is no authority in statute or regulation for the payment of the type of expenses claimed when an employee is transferred TDY. Regulation 30-110, under which reimbursement is sought, involves a delegation to the Deputy Director of Support of a portion of the Director's special authorities under Section 10 of the CIA Act of 1949. The Comptroller General has ratified the Director's expressed policy that these special authorities are not to be used to solve administrative problems common to all Government agencies. This Office knows of no agency of Government, other than this one, which would be in a position even to consider reimbursement on the facts cited.
